Who really wants to ride between the ice chest and the folding chairs?

Everyone who has ever been camping knows that getting packed and then unpacking when you get home is unpleasant, but not as unpleasant as getting all your gear clean and dry so you can find a place to store all of the 'STUFF'.

Now you can have a great week or weekend camping in the Texas Hill Country without the hours of work that has traditionally gone with it.

All you have to do is call us or click on our website, tell us how many people you have with you and we will do all the work!

Whether it's you and a friend or the whole family, we have clean tents and sleeping gear for everyone.

We have also put together everything you will need for a camp kitchen if you like outdoor cooking.

We have basic camp kits, but we have the gear if you want your kit to be individualized, then just enjoy.

And when your time in the area has come to an end, gather up the rented gear, drop it off at our office and you're through with the work.

Instead of taking home 30+ pounds of dirty sleeping bags, tents and chairs, all you take back are memories! Your car is clean and uncluttered for the trip home or the next place you are going on your vacation.

Located on River Road, we are 7.5 miles down river from Canyon Lake and 10.5 miles from Loop 337 in New Braunfels.

For all you river rats, we're between the 2nd and 3rd crossings.

So we're close to your campsite no matter where you're spending your vacation time in this part of Texas.

If you're not sure where to camp, we have a list of beautiful campgrounds in the Guadalupe River and Canyon Lake area.

Just go to our website and click on the Campgrounds link for more info.
